Learn.UQ (Blackboard Ultra)

What is Learn.UQ?

Online learning management system

- Access course materials
- Submit assessment

Learn.UQ is UQ's branded application

Blackboard Ultra is the software

Both names are used interchangeably

Access

- [Directly](#)
- [Through my.UQ](#)

my.UQ

-  **Dashboard**
-  Browse my.UQ
-  My courses
-  My files
-  My profile
-  My requests
-  Support history

Favourite apps

- UQ Book It
- Email
- Learn.UQ
- Library

Courses

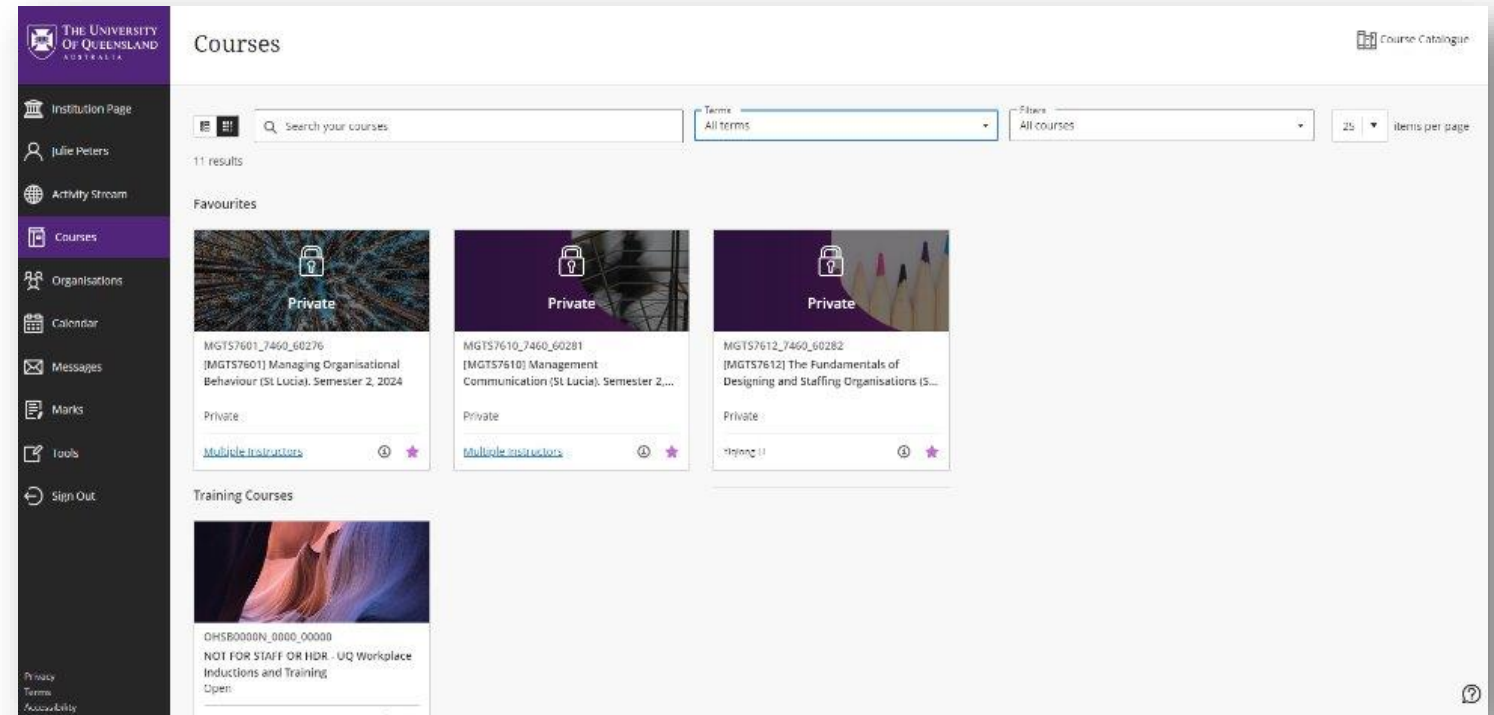

The welcome screen

Courses is the landing page

Each enrolled course has a site

The left bar shows the global navigation menu

Training Courses and Upcoming Courses are also available

Pages

These are the global Learn.UQ pages and are not course-specific

Page	Description
 Institution Page	UQ details and general links
 Personal details (e.g. email)	Personal details (e.g. email)
 Activity Stream	Notifications from all courses
 Courses	Enrolled courses' sites
 Organisations	Non-course groups
 Calendar	View all courses' deadlines
 Messages	Direct messages (not announcements)
 Marks	View all courses' grades
 Tools	Other tools

Training Course

Follow along with our sample Blackboard Ultra course

You need to self enrol:

1. Go to the [institution page](#)
2. Under Useful links, press [AskUs Blackboard Student Training](#)
3. Click [Submit](#) and then [OK](#)
4. You should automatically land in the site.

If you no longer see the global navigation menu, you will need to re-enter Blackboard to view other courses.

- Simply type learn.uq.edu.au in the address bar.
- Bookmark this page for future reference.

Accessing the course

In future, you may want to access this course again.

1. Go to [Courses](#)
2. Click [Ask Us Blackboard Student Training](#)

Note: this course is **not** connected to your academic grades.

Courses

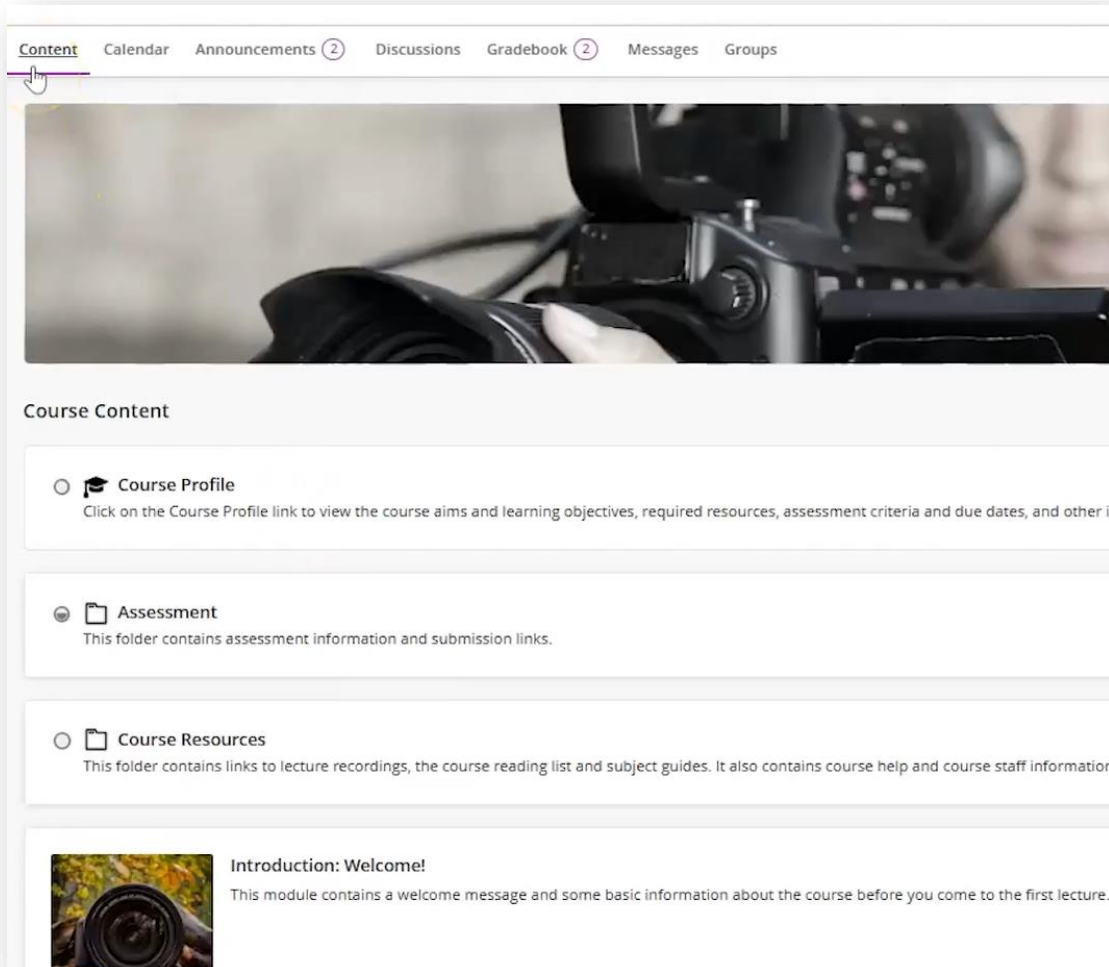

Every course will generally contain the following pages

LIBR1468_7560_00024

[LIBR1468] Ask Us Blackboard Student Training

[Content](#) [Calendar](#) [Announcements](#) [1](#) [Discussions](#) [Gradebook](#) [Messages](#) [Groups](#)

Content

The Content tab is where you'll find your Course Materials

This includes

- Course Profile
- Assessment
- Course Staff
- Course Resources
 - Lecture recordings (both audio and video)
 - Readings (and library course reading lists)
 - Links to external resources
- Weekly Learning Resources (slides, worksheets, etc.)

Course overview

Study period Semester 1, 2025 (24/02/2025 - 21/06/2025)	Units 2
Study level Undergraduate	Administrative campus St Lucia
Location St Lucia	Coordinating unit Mathematics & Physics School
Attendance mode In Person	

Nature of physics, kinematics, dynamics, conservation laws, rigid body rotation, oscillations, fluids and elasticity, thermodynamics, arrow of time, heat engines, laboratory experiments & error analysis.

This course is an introduction to the fundamentals of physics - kinematics, dynamics, momentum and energy, rigid body rotation, elasticity and fluids, oscillations, and thermodynamics.

Course Profile is found on the Content tab

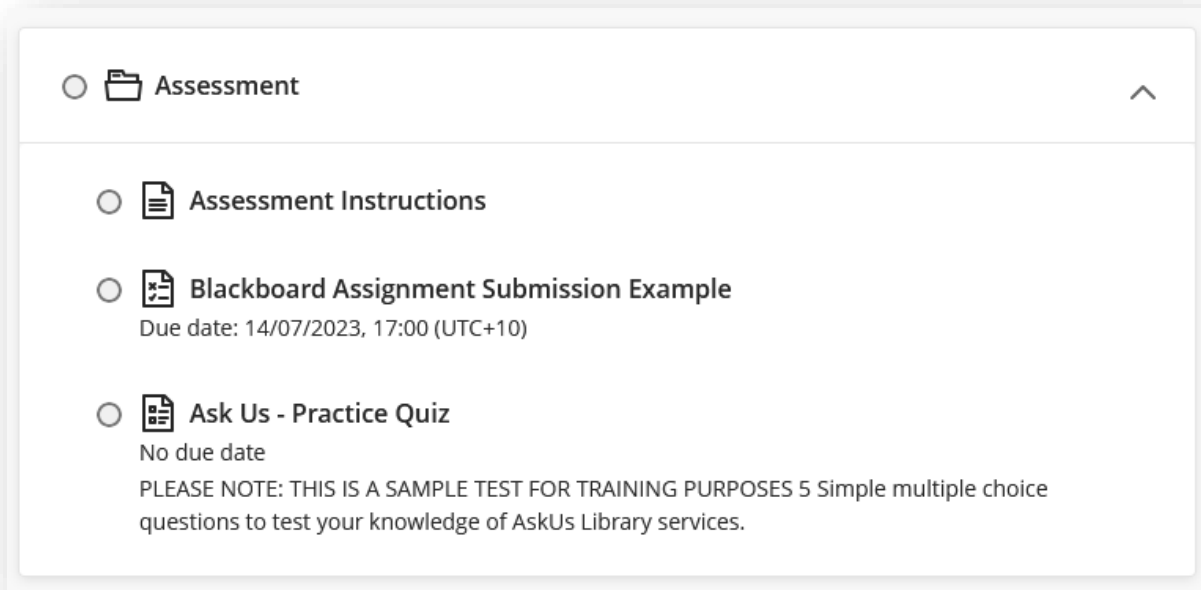

Blackboard will launch a new tab and show the relevant course profiles based on your enrolments in SI-net

Courses are required to adhere to their Course Profiles.

Here you can find

- Course and staff information
- Assessment details (including due dates and weightings)
- Required and suggested learning resources
- Expected learning activities (e.g. lectures, tutorials)
- Policies and Guidelines

Assessment

Assessment details and submission links

Here you may find

- Assessment summaries with due dates and weightings
- Files related to your assessment (e.g. tasksheets)
- Submission links
- Embedded assessment, for example
 - Multiple choice quizzes
 - Short response questions

Course Resources

Course Resources

This folder contains links to lecture recordings, the course reading list and subject guides. It also contains course help and course staff information. Your learning resources are located below. ^

Lecture Recordings - St Lucia

Click on the link to view your lecture recordings (St Lucia campus).

Course Staff

Course Reading List

Click on the link to access the readings for your course.

Subject Guides

Click on the link to access the subject guides for your course.

Past Exams

The Library gives access to exams from the past five years but the exams from Semester 1, 2020 to Semester 1, 2023 were all online and less relevant for this semester. This folder contains some older exams that are still useful for practice. v

You will find Course Resources on the Content tab

Here you will find:

- **Lecture Recordings**
- Course Reading List
- Past Exams
- Course Staff Details
- Course-specific Instructions
 - Such as software to download, or where to get help

Week 4 (Module 3)

v

You will find Learning Resources at the bottom of the Content tab

This is modular and usually presented week-by-week

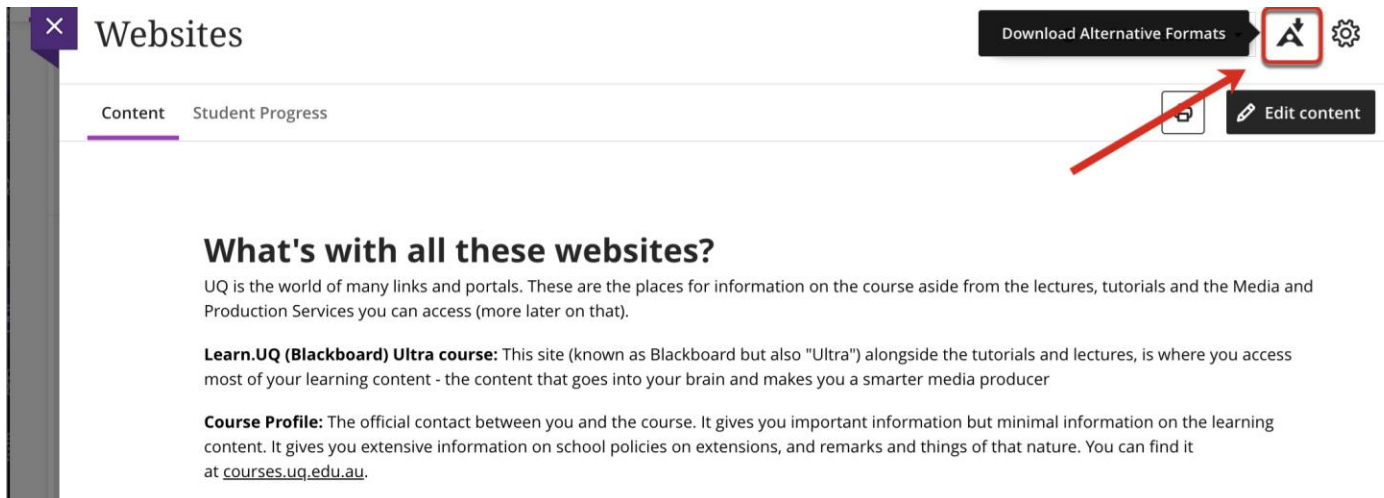

Here you will find:

- **Lecture Slides**
- **Information for Tutorials, Practicals, and Workshops**
- Worksheets, Exercises, and extra readings
- Progress bars tracking what you've completed
- Many resources will have alternative formats available

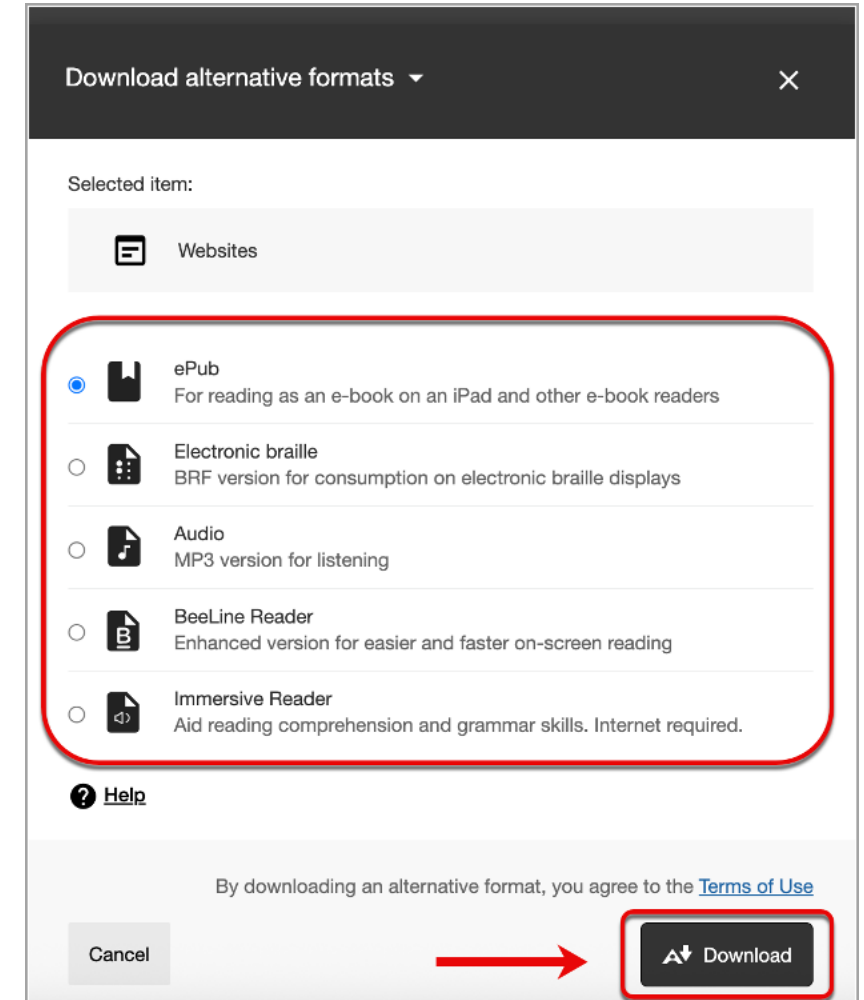

Ally - provides alternative formats

Ally is an automatic system in Blackboard that makes alternative formats available

Course coordinators can turn off alternative formats for individual content items and enable them again later if they wish

The screenshot shows a Blackboard 'Websites' content page. At the top, there's a 'Websites' header with a close button. Below it are tabs for 'Content' and 'Student Progress'. On the right side of the page, there's a 'Download Alternative Formats' button with a red box around it and a red arrow pointing to it. Next to it is a settings gear icon. Below these are 'Edit content' and 'Edit metadata' buttons. The main content area has a heading 'What's with all these websites?' followed by text explaining that UQ is a world of many links and portals. It also mentions 'Learn.UQ (Blackboard) Ultra course' and 'Course Profile'.

The screenshot shows the 'Download alternative formats' dialog box. It has a dark header with the title 'Download alternative formats' and a close button. Below the header, it says 'Selected item:' followed by 'Websites'. A red box highlights the list of alternative formats: ePub (selected), Electronic braille, Audio, BeeLine Reader, and Immersive Reader. At the bottom, there's a 'Help' link, a 'By downloading an alternative format, you agree to the Terms of Use' statement, and two buttons: 'Cancel' and 'Download' (highlighted with a red box and a red arrow).

Possible alternative accessible formats

Immersive Reader

Aid reading comprehension and grammar skills. Internet required.

Beeline Reader

Enhanced version for faster and more focused on-screen reading.

OCRRed PDF

Makes scanned documents searchable and more readable. Reduces file size.

Tagged PDF

Structured PDF for improved use with assistive technology.

Audio

MP3 version for listening on personal devices and in more contexts.

ePub

For reading as an e-book on an iPad and other e-book readers.

Electronic braille

BRF version for consumption on electronic braille displays.

HTML

For viewing in the browser and on mobile devices.

Translated version (disabled)

A machine translated version of the original document. Needs further consultation.

Next  >

Lecture 1 - St Lucia

Week 1

You can also navigate through the content of a week/module by clicking the Next button

Activity – Completing Assessment

Activity – Downloading and submitting files

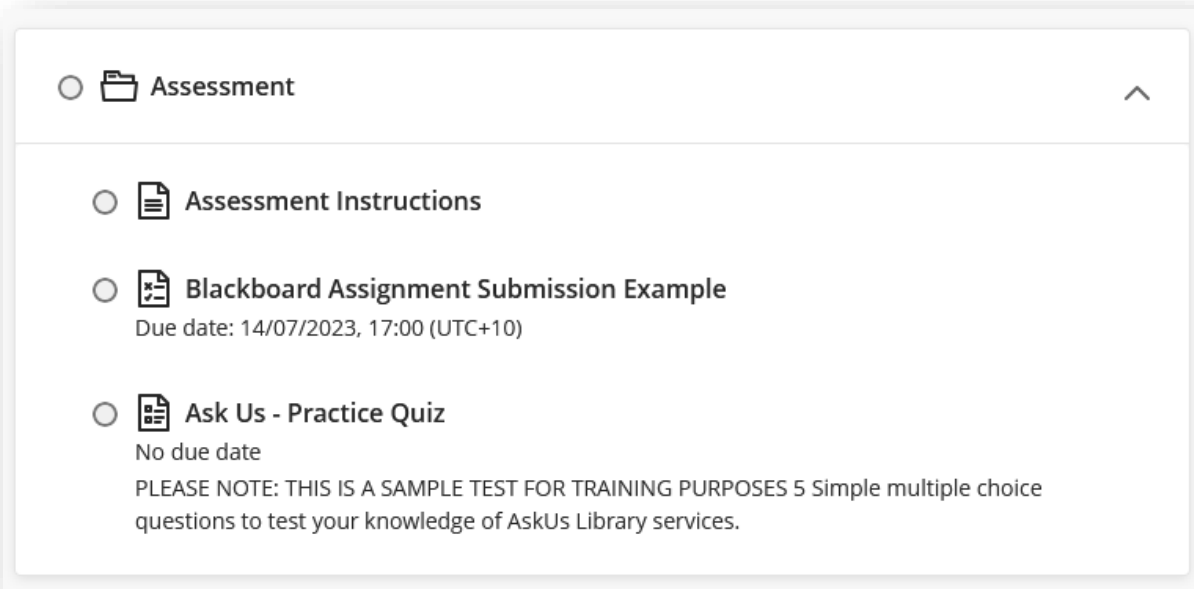

Practice downloading and submitting a piece of assessment.

1. Navigate to **Assessment**
2. Select **Common Assessment Tools**
3. Download the file in **Assessment**
4. Open the file and follow the instructions

To submit a file

1. Select **Blackboard Assignment Submission Example**
2. Select **Upload Files** and **Browse Local Files**
3. Select the file you want to submit and press **OK**
4. Select **Submit**

Activity – Quizzes

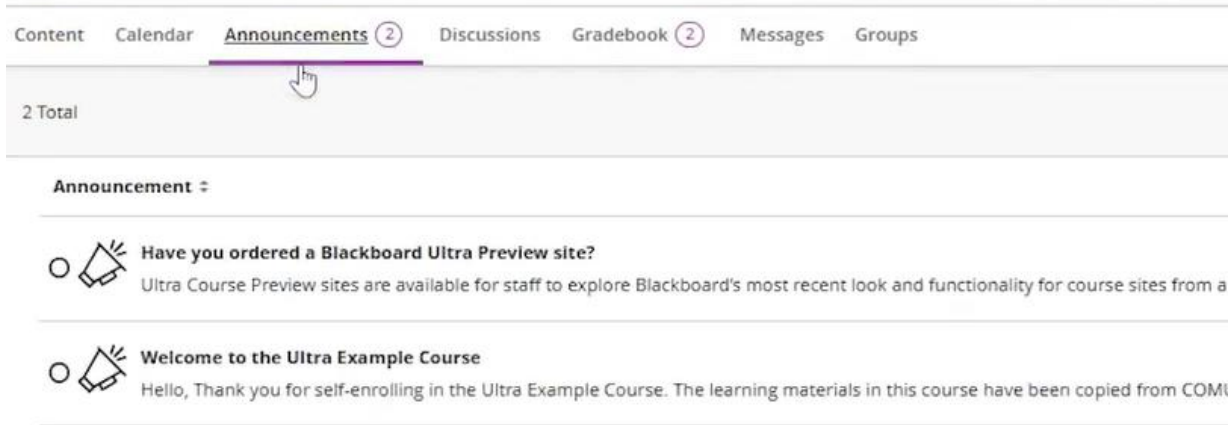

Activity – Completing quizzes (and solving riddles)

In this final activity, have a go at completing a Blackboard quiz about riddles

1. Go to **Assessment**
2. Click on **Riddles**
3. Answer all the questions
4. Press **OK ←** (bottom right)
5. Press **OK ←** again

Announcements

The screenshot shows the Blackboard user interface. At the top, there is a navigation bar with tabs: Content, Calendar, Announcements (2), Discussions, Gradebook (2), Messages, and Groups. The 'Announcements' tab is selected and highlighted with a purple underline, and a mouse cursor is pointing at it. Below the navigation bar, a grey box indicates '2 Total' announcements. Underneath, there is a section titled 'Announcement' with a dropdown arrow. Two announcements are listed, each preceded by a megaphone icon in a circle. The first announcement is titled 'Have you ordered a Blackboard Ultra Preview site?' and the second is 'Welcome to the Ultra Example Course'.

2 Total

Announcement ▾

-  **Have you ordered a Blackboard Ultra Preview site?**
Ultra Course Preview sites are available for staff to explore Blackboard's most recent look and functionality for course sites from a
-  **Welcome to the Ultra Example Course**
Hello, Thank you for self-enrolling in the Ultra Example Course. The learning materials in this course have been copied from COMI

Staff communicate to students via Announcements

A number will appear in the tab when there is new message

Click to open each announcement in detail

Posts appear newest on the top

Announcements may not be emailed – check this page regularly

Discussion Board

[Calendar](#) [Announcements](#) [Discussions](#) [Gradebook](#) [Messages](#) [Groups](#)

New Discussion

How's your O-Week going?

...

Discussion Topic

How's your O-Week going?

Post a response to the discussion

Post

An open forum

Here you can create forums, post within them and reply to others.

Some courses make heavy use of **Discussion Board**, while others are not monitored.

If you do not get a reply, consider contacting staff instead.

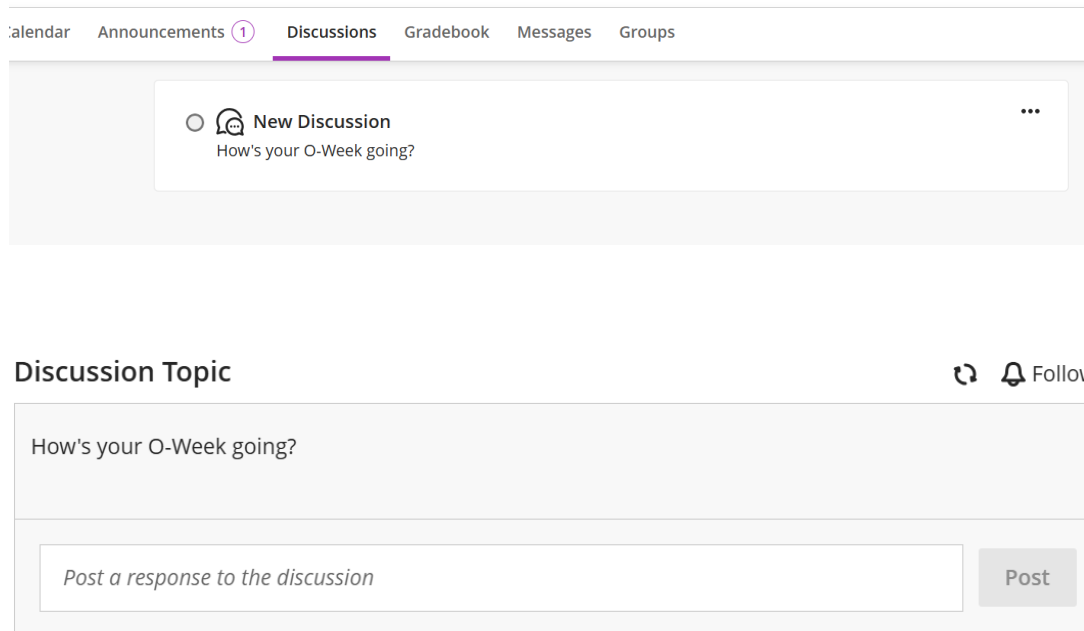

Ed Discussion Board

Some courses use Ed Discussion Board as a forum tool.

Typically, there is a distinct link on the course's Learn.UQ page

This tool is separate to Learn.UQ's Discussion Board.

Activity – Discussion Board

The screenshot shows the Blackboard interface with the 'Discussions' tab selected. A 'New Discussion' button is visible with the text 'How's your O-Week going?'. Below this, the 'Discussion Topic' section shows the same title 'How's your O-Week going?'. At the bottom, there is a text input field with the placeholder 'Post a response to the discussion' and a 'Post' button.

Activity – Reply to a post

There are active posts on the Ask Us Blackboard Student Training site which you can interact with.

1. Click [Discussion Board](#)
2. Click [Orientation and Connect Weeks 2026](#)
3. Click [Welcome!](#)
4. Reply to the welcome thread with your favourite food/animal/movie etc.

Everyone with access to the course will be able to view your name and responses

Marks will appear when released, not when marked

Blackboard Mobile

The same formatting carries across to Mobile

If you used the old Blackboard mobile, you'd know it wasn't great.

Blackboard Ultra on Mobile is very pleasant and easy to use

Download it by searching for “**Blackboard**” on the AppStore or Google Play.

When the app prompts for your school search for “**Queensland**”, choose “**The University of Queensland**”.

Tap **Continue with Web-Login**, and use your **UQ credentials**

Compulsory Modules

Academic Integrity Module

Two academic integrity modules to complete

- Complete Part A by **31st March** (census date)
- Complete Part B by **29th May** (end of week 13)

Future enrolment, viewing grades and graduation are blocked by missing these deadlines.

Access via

- mySI-net task wizard
- [Directly](#)

And complete in UQ Extend.

Respect At UQ Module

One module to complete

- **Complete before 5pm on 15th March.**

Missing this deadline will restrict your access to Blackboard until completed.

- [Learn more via the Respect at UQ webpage](#)

Access via

UQ Essentials:

- [Learn.UQ home](#)

And complete through the Blackboard link.

Generative AI

AI in your learning

Discover how AI is changing the way you study and how it can support your learning.

UQ's rules for using AI

Understand UQ's rules on using AI in assessments and maintaining academic integrity.

Acknowledge and reference AI use

Learn how to properly acknowledge and reference AI tools in your academic work.

Ethical and responsible use of AI

Use AI responsibly to support your learning while maintaining fairness, trust, and academic integrity.

AI access and training

Explore AI tools available for free to all students at UQ. Access free training workshops and self-paced guides.

Shaping UQ's AI future - have your say

Learn how UQ students are influencing AI policy and decisions at UQ. You can help shape UQ's AI policies by sharing your feedback and ideas.

UQ has information and resources for students regarding Generative AI, centralised in the [AI Student Hub](#).

UQ provides **free access** to Microsoft Copilot and Adobe Creative cloud software including Firefly.

Students can use any AI they like, and the AI Student Hub includes guidance on responsible use and expectations for academic integrity.
