my.UQ

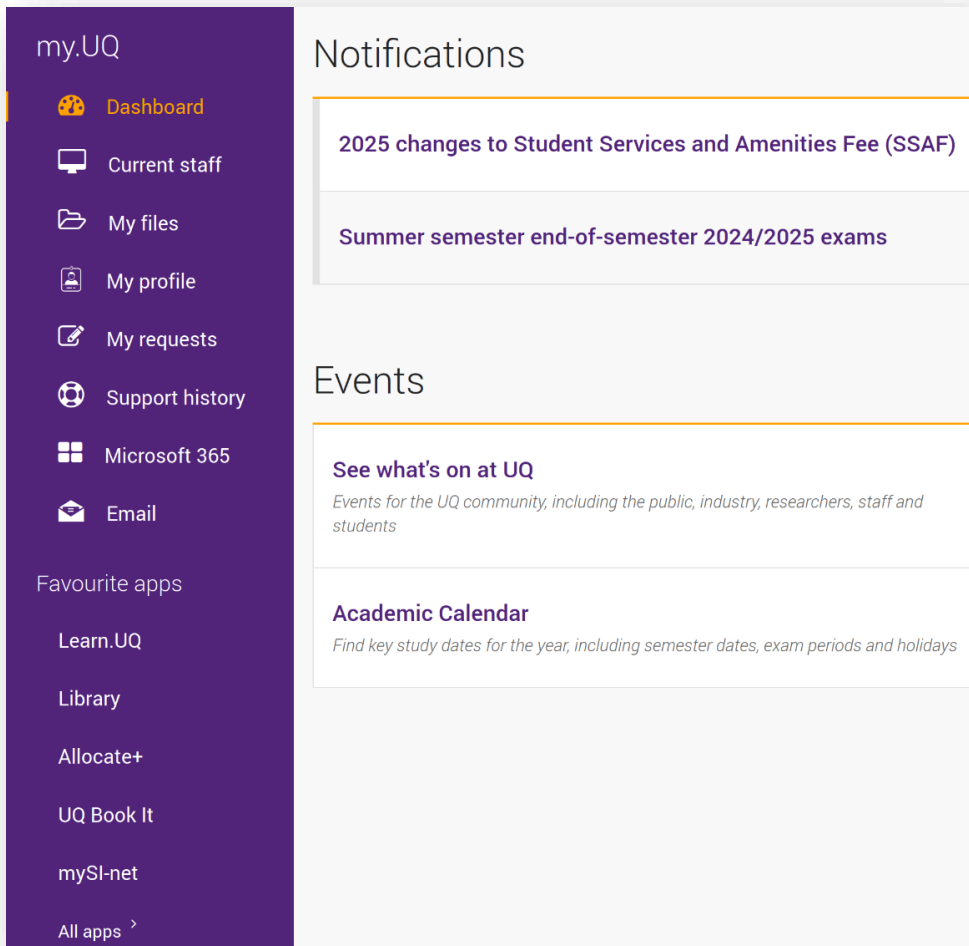

my.uq.edu.au

All things relating to you and your studies at UQ

Use the "Go to my.UQ dashboard" button for personalised information and quick links

my.UQ Dashboard

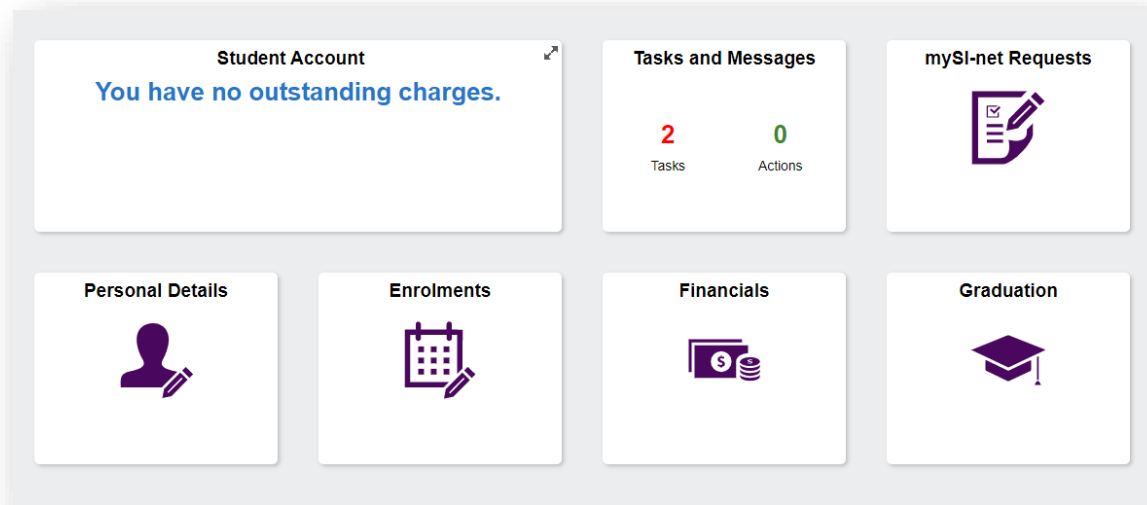

The screenshot shows the my.UQ Dashboard interface. On the left is a dark blue sidebar with the 'my.UQ' logo at the top. Below the logo are several menu items: 'Dashboard' (highlighted with an orange icon), 'Current staff', 'My files', 'My profile', 'My requests', 'Support history', 'Microsoft 365', and 'Email'. Under the heading 'Favourite apps', there are links to 'Learn.UQ', 'Library', 'Allocate+', 'UQ Book It', 'mySI-net', and 'All apps >'. The main content area on the right has a light grey background. It features a 'Notifications' section with two items: '2025 changes to Student Services and Amenities Fee (SSAF)' and 'Summer semester end-of-semester 2024/2025 exams'. Below this is an 'Events' section with two items: 'See what's on at UQ' (with a subtext 'Events for the UQ community, including the public, industry, researchers, staff and students') and 'Academic Calendar' (with a subtext 'Find key study dates for the year, including semester dates, exam periods and holidays').

Contains links to

- Your studies
- Email
- Microsoft 365
- Learn.UQ
- mySI-net
- Allocate+ (My Timetable)
- ... and more

mySI-net

Use mySI-net to manage your enrolment:

- Enrol in your courses
- Pay your fees or apply for financial assistance
- Compulsory course: Academic Integrity

Note: Your enrolment may take up to 48 hours to process through the system. During this time you will be unable to see your Learn.UQ (Blackboard) courses or access the Internet.

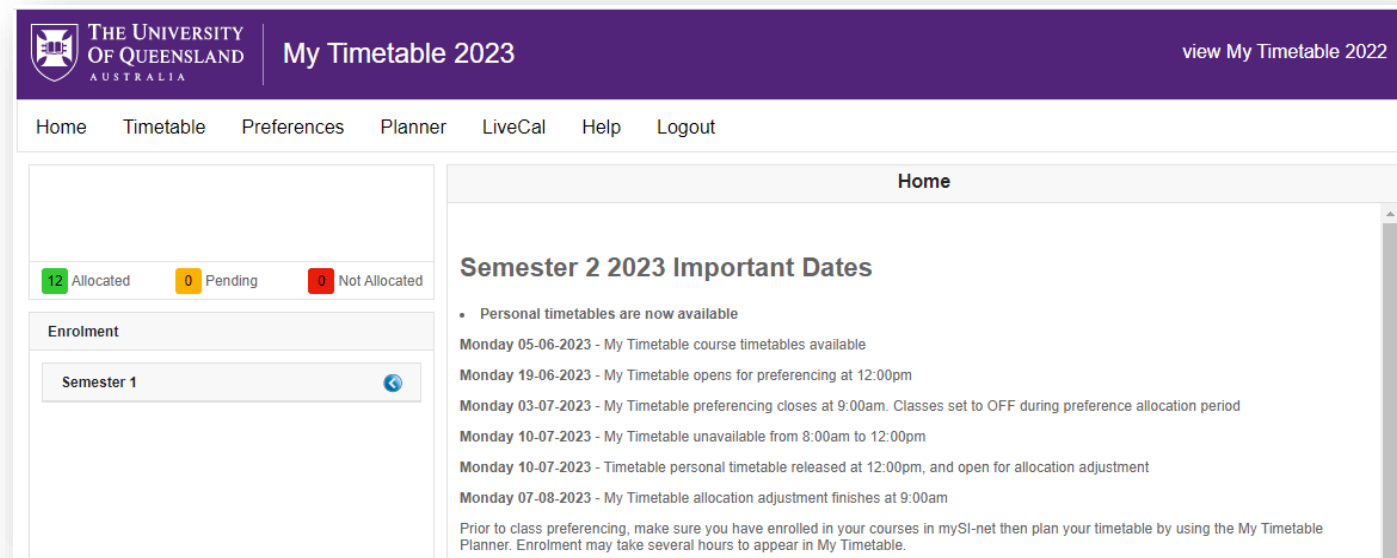

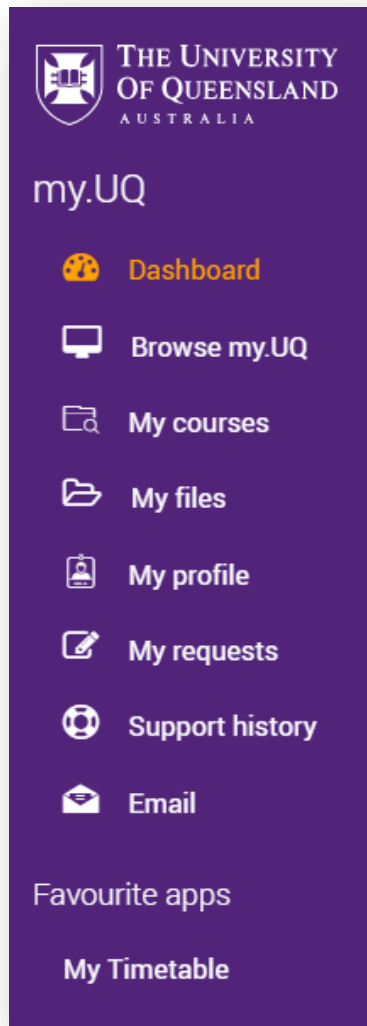

Allocate+ (My Timetable)

After you enrol, you'll need to select your preferred class times. You'll then be allocated to classes based on these preferences.

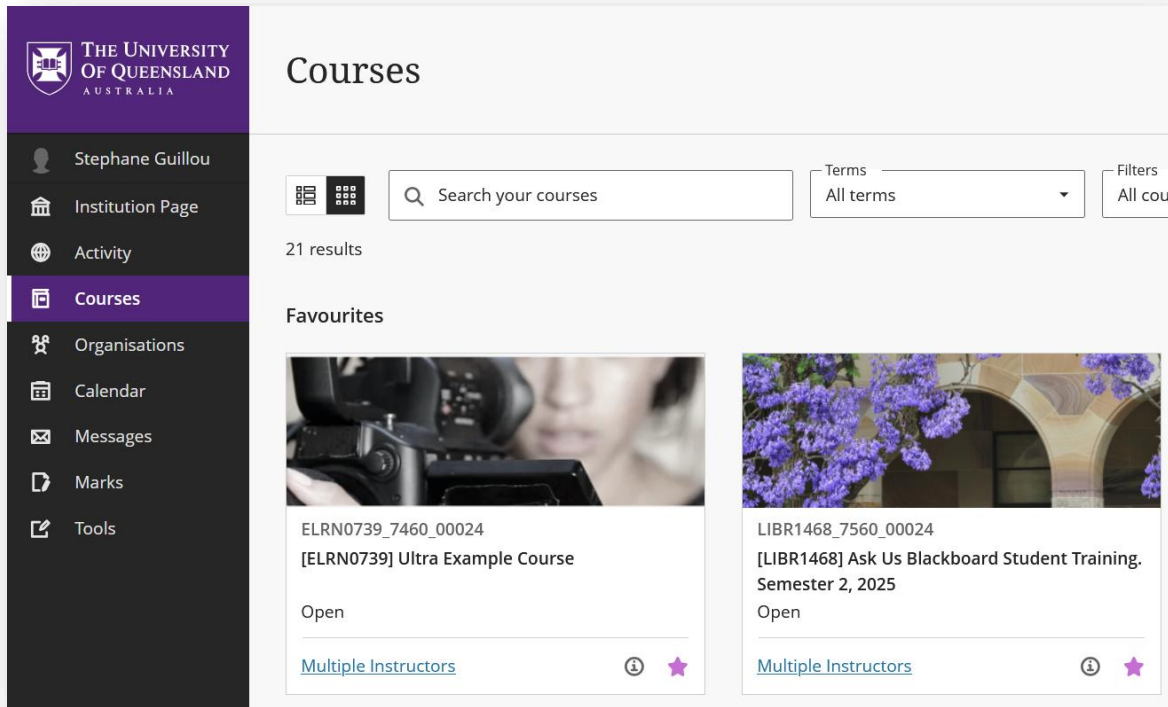

Access personal timetable via my.UQ using My Timetable link in left bar

A public timetable (with all courses) is available

More information in this [link](#)

Learn.UQ (Blackboard)

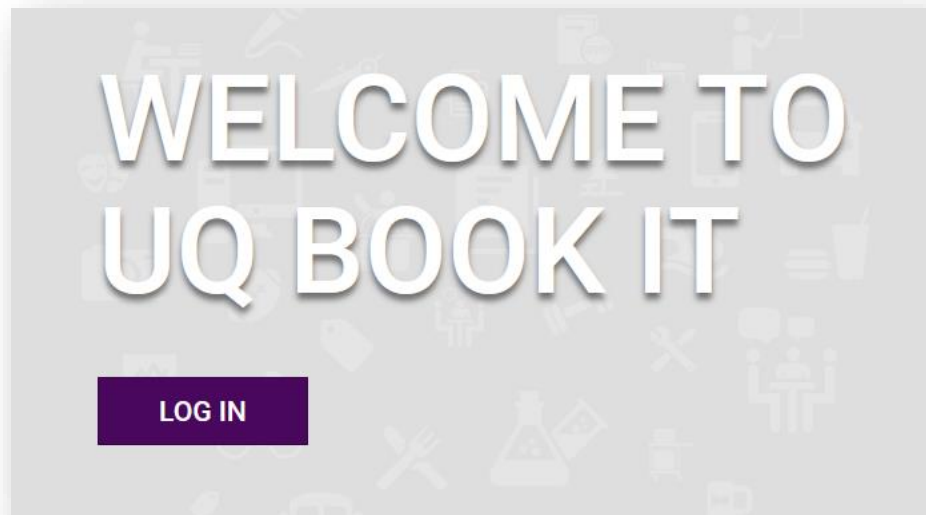

The screenshot displays the Learn.UQ (Blackboard) interface. On the left is a dark purple sidebar with the University of Queensland logo and a list of navigation items: Stephane Guillou, Institution Page, Activity, Courses (highlighted), Organisations, Calendar, Messages, Marks, and Tools. The main content area is titled 'Courses' and shows a search bar with the text 'Search your courses', a 'Terms' dropdown set to 'All terms', and a 'Filters' dropdown set to 'All courses'. Below this, it indicates '21 results'. A 'Favourites' section is visible, containing two course cards. The first card, titled '[ELRN0739] Ultra Example Course', features a photo of a person using a camera and includes a link to 'Multiple Instructors'. The second card, titled '[LIBR1468] Ask Us Blackboard Student Training. Semester 2, 2025', features a photo of purple flowers and also includes a link to 'Multiple Instructors'. Both cards have an 'Open' button and an information icon.

Learn.UQ (Blackboard) is the learning management system

- Course materials
- Assessment info and submission links
- Collaborative tools
- Compulsory course: Respect

Note: your school may have specialised systems to supplement course delivery.

UQ Book It

uqbookit.uq.edu.au

Students at UQ can book rooms around UQ to use for individual study and group work. The system used to make room bookings is called UQ Book It.

UQ Book It allows you to book study rooms, both group and individual, as well as rooms with assistive technology or green screens.

Software for Home or Own Device

UQ software catalogue

🏠 / Information and services / Information technology / Software and web apps

UQ provides software for academic, research and administrative use.

! Students may be eligible to access selected software for free. Visit [free student software for personal use](#) for more details.

Free student software for personal use

🏠 / Information and services / Information technology / Software and web apps

Students can access free software to use on their personal computers for the duration of their time at UQ.

! To support remote studying arrangements due to COVID-19, students can now access specialist software (previously only available in UQ labs) for free. Read below for full details.

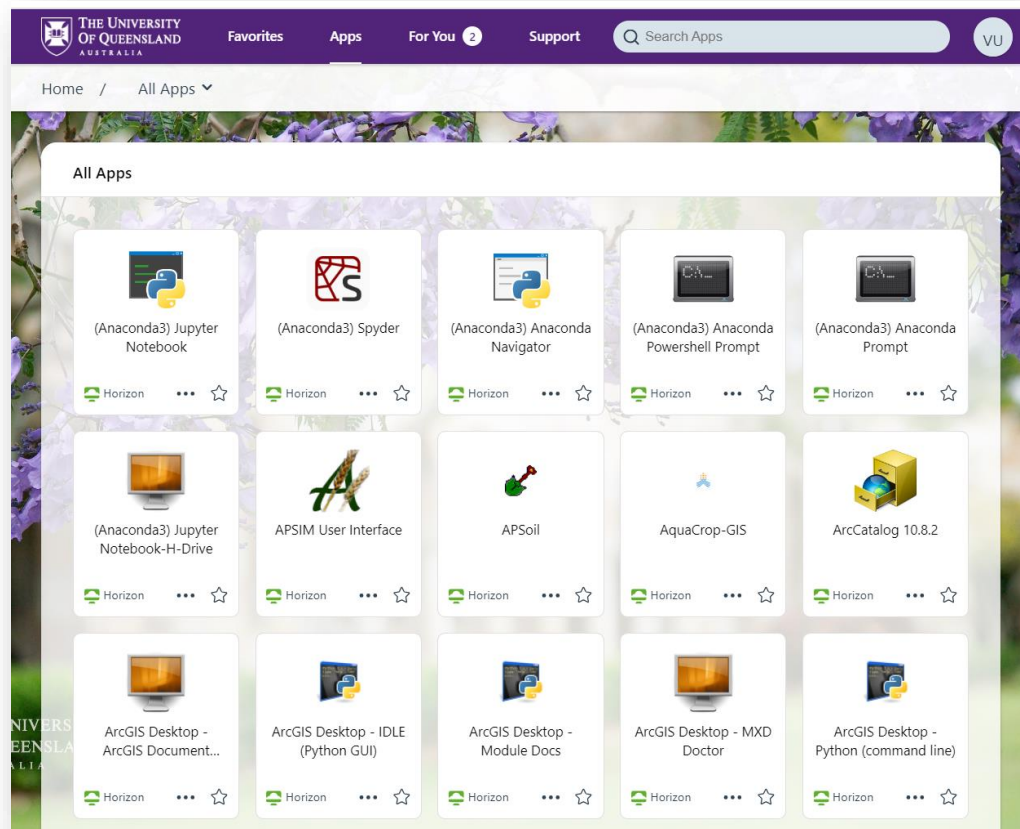

UQ provides software for academic, research and administrative use.

You can view the catalogue of software available via the [Software at UQ](#) webpage.

There is software in the following categories:

- Accessibility
- Business
- Collaboration and communication
- Educational and referencing
- Geographical and mapping
- Graphics, video and audio
- Operating systems and servers
- Scientific and engineering
- Security
- Statistical data analysis and modelling
- Storage
- Web and software development

Software in UQ Digital Workspace

The UQ Digital Workspace gives access to software through the browser.

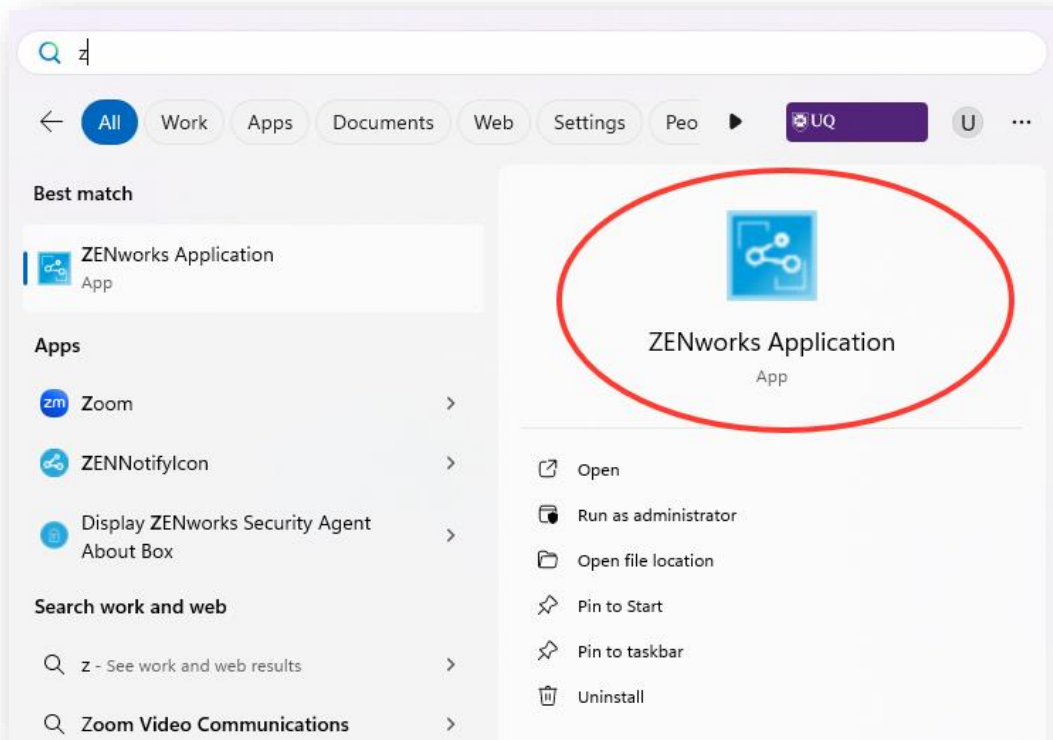

What you have access to depends on which courses you are enrolled in.

Software on UQ Library Computers

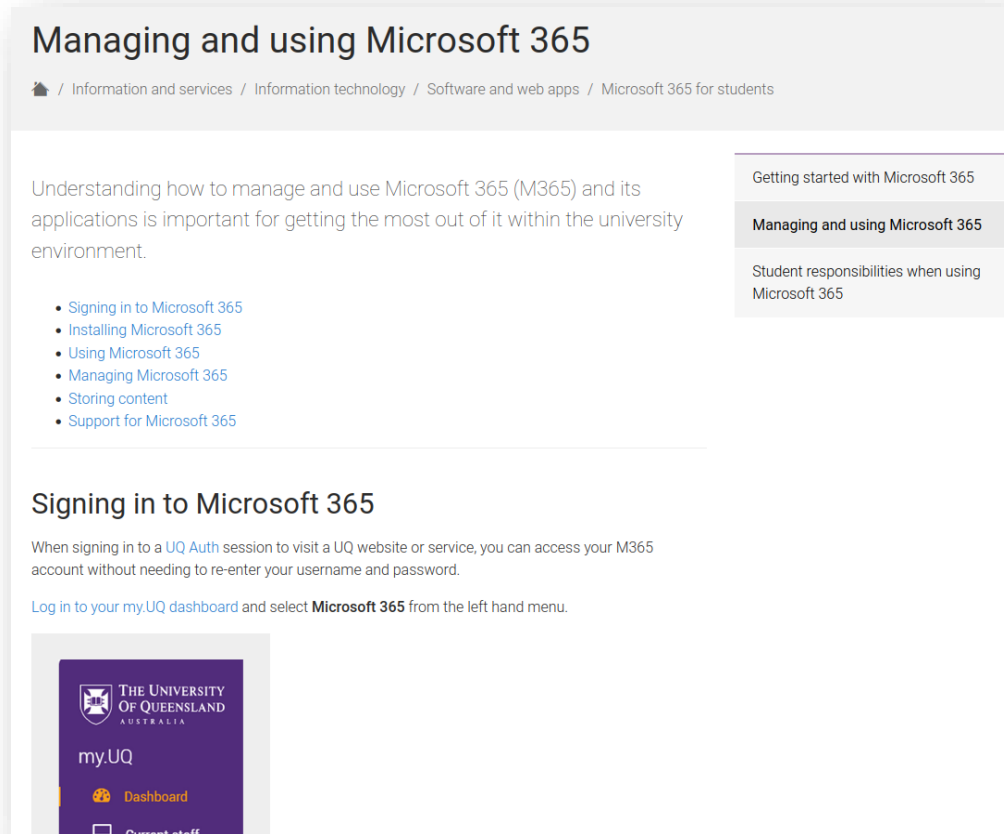

Library Computers run Windows 11 and have:

- Microsoft Office 365
- Web browsers: Edge, Chrome and Firefox
- Adobe Acrobat – full version
- EndNote
- ... and a lot more in ZENworks (R and RStudio, Python, QGIS, ArcGIS, NVivo, NVDA...)

The Library also offers loan laptops.

Microsoft 365

Managing and using Microsoft 365

🏠 / Information and services / Information technology / Software and web apps / Microsoft 365 for students

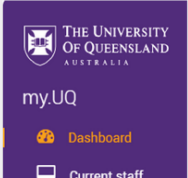

Understanding how to manage and use Microsoft 365 (M365) and its applications is important for getting the most out of it within the university environment.

- [Signing in to Microsoft 365](#)
- [Installing Microsoft 365](#)
- [Using Microsoft 365](#)
- [Managing Microsoft 365](#)
- [Storing content](#)
- [Support for Microsoft 365](#)

Signing in to Microsoft 365

When signing in to a [UQ Auth](#) session to visit a UQ website or service, you can access your M365 account without needing to re-enter your username and password.

[Log in to your my.UQ dashboard](#) and select **Microsoft 365** from the left hand menu.

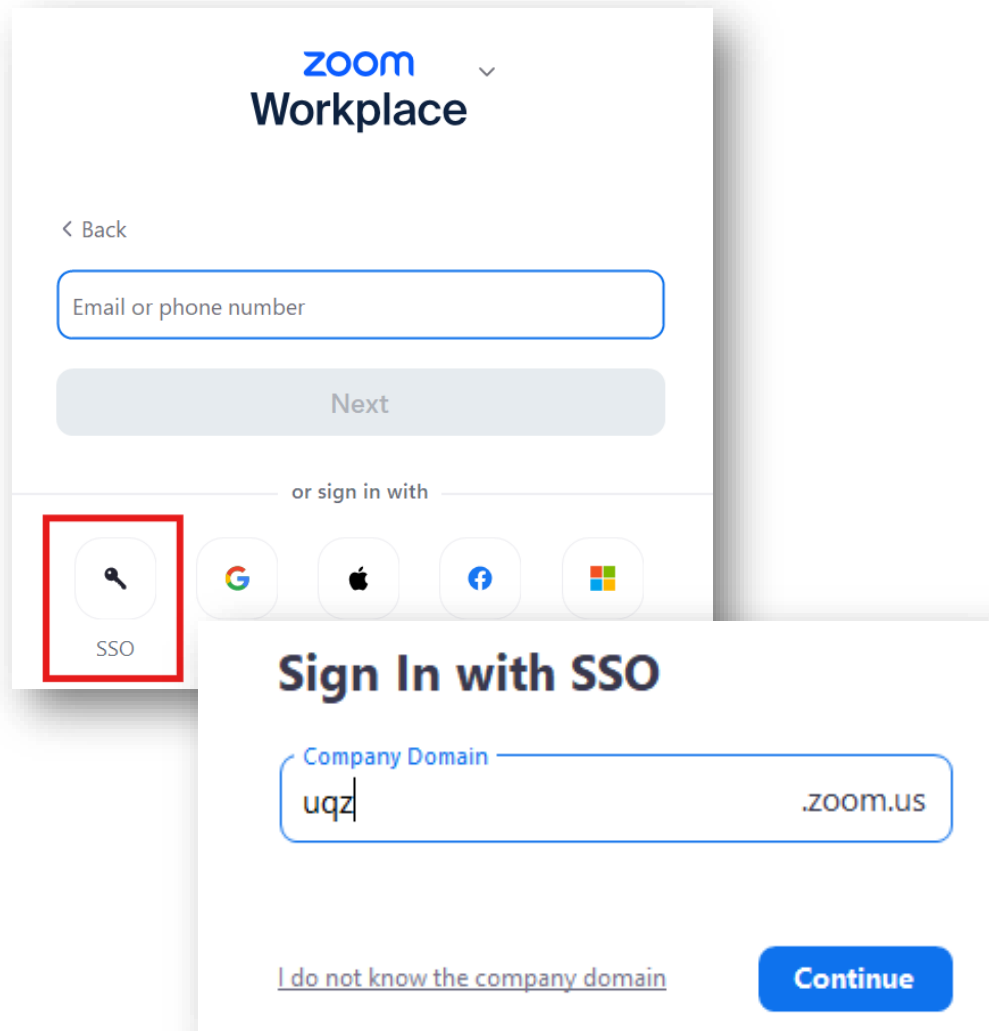

Microsoft 365 is available to enrolled students at UQ

Both Windows and Mac versions available

Includes Word, Excel, PowerPoint, Teams and more.

[Instructions are available](#) for installation and use

Zoom

The image shows the Zoom Workplace login interface. At the top, it says "zoom Workplace" with a dropdown arrow. Below this is a "< Back" link and a text input field for "Email or phone number". A "Next" button is below the input field. Underneath, it says "or sign in with" and shows icons for Google, Apple, Facebook, and Microsoft. The "SSO" option, represented by a key icon, is highlighted with a red rectangle. Below the SSO option is a "Sign In with SSO" form. This form has a "Company Domain" label and a text input field containing "uqz" followed by ".zoom.us". At the bottom of the form, there is a link that says "I do not know the company domain" and a blue "Continue" button.

Zoom for classes and group work

Some courses will require you to use Zoom to connect to teaching staff, tutors or other students.

Zoom can be downloaded from their website.

Make sure to “**Sign In with SSO**” and use your **student login**

The URL for UQ is uqz.zoom.us, so use “uqz” in the company domain.

Generative AI

AI in your learning

Discover how AI is changing the way you study and how it can support your learning.

UQ's rules for using AI

Understand UQ's rules on using AI in assessments and maintaining academic integrity.

Acknowledge and reference AI use

Learn how to properly acknowledge and reference AI tools in your academic work.

Ethical and responsible use of AI

Use AI responsibly to support your learning while maintaining fairness, trust, and academic integrity.

AI access and training

Explore AI tools available for free to all students at UQ. Access free training workshops and self-paced guides.

Shaping UQ's AI future - have your say

Learn how UQ students are influencing AI policy and decisions at UQ. You can help shape UQ's AI policies by sharing your feedback and ideas.

UQ has information and resources for students regarding Generative AI, centralised in the [AI Student Hub](#).

UQ provides **free access** to Microsoft Copilot and Adobe Creative cloud software including Firefly.

The AI Student Hub includes guidance on responsible use and expectations for academic integrity.

Printing in the Library

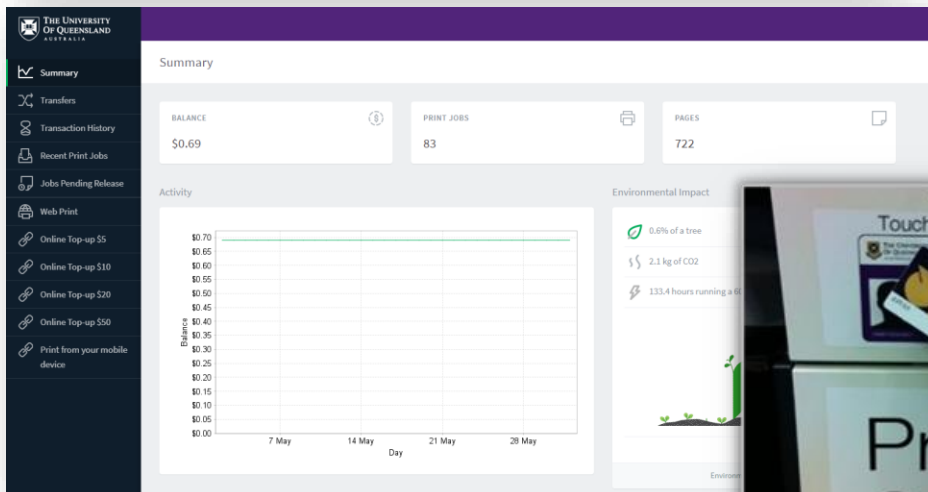

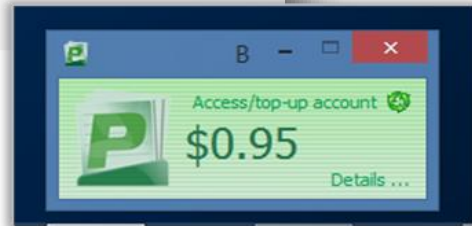

Print, scan & copy

🏠 / Library services / IT

Your print account

[Log in to top-up and view jobs](#)

- Learn more about your [print account](#), such as how to top-up
- Use your **UQ student or staff card**, or **UQ log in** to pay for printing: they are linked with your print account.
- **Guests** can [get a print/copy card](#)

Print documents from:

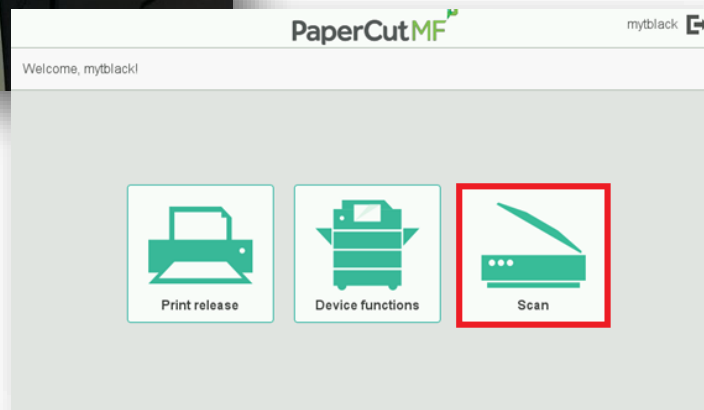

- a library computer
- your own device (with [PaperCut](#) > WebPrint, or Mobility Print)

All information, including current print prices, can be found on the ["Print, Scan and Copy"](#) page.

To release your document from a printer:

- Tap your ID card (or sign in)
- Print the jobs. The amount will be deducted from your account
- Log Out of the printer when you are finished

Scanning in the Library

- Scanning in the library is free
- You can send the scan to an email address or a USB stick

Note: External hard drives are not supported

- Copyright rules apply to all scans and photocopies

Scan & Win!

Library Orientation Information Session Survey

Tell us about your orientation information workshop experience to win one of six **\$50 eGift vouchers**.
